

AGENDA
FKAA BOARD OF DIRECTOR'S CONSTRUCTION COMMITTEE
ONLINE ZOOM MEETING
10:30 ON MAY 26, 2020

Drivers for Construction

- New residential and commercial development and redevelopment
- System capacity for new water/wastewater demands
- Aging infrastructure
- New regulations
- Resiliency

Construction Programs

- Permitting and inspection services for new development projects – private enterprise
- Small replacement and repair projects – FKAA crews
- Capital improvement program (CIP) projects – E/C administration and management

Construction Standards and Regulations

- *Industry Standards* (i.e. American Water Works Association, 10 State Standards, Water Environment Federation, ASTM International)
- *Government Regs* (i.e. South Florida Water Management District, Florida Building Code, Florida Department of Environmental Protection, US Environmental Protection Agency, US Occupational Safety and Health Administration)
- *FKAA preferences* (i.e. bedding material, type of pipe, specific manufacturers for certain equipment and devices)

Open Discussion

- Today's meeting – questions and comments
- Ideas for future meetings – topics and scheduling

Adjourn
